BAR & LODGE

*Wine Selection*

We are very proud to use the Coravin wine system here at Tweedies Bar & Lodge for the following premium pours by the glass. This is a device which allows us to pour wine without removing the cork, that uses Argon gas to keep bottles fresh. As a result, we are fortunate to be able to pour glasses of wine from the same bottle, over a long period of time, while remaining in perfect condition.

To further elevate your drinking experience our premium wines are served in Riedel glassware, founded in 1756, RIEDEL has become the brand of choice for wine connoisseurs, hospitality professionals, and discerning consumers around the world. With precision craftsmanship and innovative design, this glassware enhances aromas, balances flavours, and elevates every sip. Enjoy your experience!
